Intro Page:

This short survey will ask you questions about your opinions of podcasting as an educational tool. The information gathered from this survey will be used to help us review GP training and improve medical podcasts used as learning resources for NHS staff

No personal information or data is required for this survey

A report with a summary of the findings will be shared with NHS Education Scotland

We would greatly appreciate if you could use 5 minutes of your time to complete this evaluation form

For further information please contact Dr Callum Leese at cleese001@dundee.ac.uk

Questionnaire:

What is your current job-role?

- GPST1

Yes

No

If willing, please comment on benefits of listening to podcasts for GP education

[Free Text]

If willing, please comment on the challenges of listening to podcasts for GP education

[Free Text]

Conclusion page:

Thank you for taking the time to complete this survey.

Podcasting in primary care remains in its relative infancy, but to find out more please read an article we recently had published in the RCGP InnovAIT journal: Podcasts in primary care: How do we harness the potential? - Callum Leese, 2024 (sagepub.com)

Results of the survey will be shared with NHS Education Scotland at completion of the survey.

If you have any questions about the survey, please contact Dr Callum Leese at: cleese001@dundee.ac.uk.
